Our Vision

MercyOne℠ will set the standard for a personalized and radically convenient system of health services.

MercyOne℠ is a connected system of health care facilities and services dedicated to helping people and communities live their best lives.

The system’s more than 420 clinics, medical centers, hospitals and care locations are located throughout the state of Iowa and beyond. Today, the nonprofit health system generates more than $3 billion in combined revenue and employs more than 20,000 colleagues.

Headquartered in central Iowa, MercyOne was founded in 1998 through a collaboration between Catholic Health Initiatives (now CommonSpirit Health) and Trinity Health – two of the country’s foremost, not-for-profit Catholic health organizations.
