EVERYONE ENTERING THIS ROOM MUST WEAR:

- **Face Protection**: Must wear either face shield or goggles. Ensure face and mouth are covered at all times.

- **Gloves**: Change after contact with potentially infective material. Remove when exiting room.

- **Gowns**: Wear isolation gown for any contact with:
  1. Patient
  2. Environmental surfaces
  3. Other items in patient room

- **Hands**: Wash hands with soap and water or apply hand sanitizer.

- **Transport**: Notify receiving department of precautions. Transporter to wear clean gown, mask, eye protection and gloves during transport. Patient should be masked if not intubated. PPE removed at patient destination.

- **Other**: Keep door closed except to enter/exit. Limit supplies and personal items taken to room. Clean all reusable items with hospital approved disinfectant before removing from room. Masks indicated if respiratory illness.

IN ADDITION TO THESE PRECAUTIONS, also use Airborne Precautions when performing aerosol-producing procedures.
