Patient Education is available on the top menu for the review & print of patient education.

Also from the Discharge Mpage (located off the Patient Summary)

iView under the document the Learning Assessment, mandatory details regarding some education points and the patient/family response to the education.

This includes a "Learning Assessment" that must be completed on every patient:
- Is your patient ready to learn?
- Does your patient have any barriers to learning?
- Do they need an interpreter?
- How are you teaching your patient?

Responsibilities:
- Complete iView documentation at the end of EVERY shift - make it part of hand-off
- Complete iView documentation prior to the patient's discharge
- Print education to be sent home with the patient at the time of discharge

If you didn’t document it, you didn’t do it!
