Medication
• Order your refills early, give the pharmacy at least 5 days’ notice before you need your medication. Some insurance plans are allowing early refills or 90-day supplies… but some are not. Your pharmacy will bill your insurance and be able to tell you if it is allowed for your plan. Please do not stockpile.

• Try to stay out of the pharmacy. Ask your pharmacy about their options to mail or deliver your prescriptions. If they have a drive-thru use that. Some pharmacies are offering a "curbside" pickup option when they are able. This will protect you from other patients who may be in the pharmacy and might be sick, and will also help protect others (including pharmacy staff)

• If you are ill, please do not go into your pharmacy. Use mail or delivery options, or have a family member, friend or neighbor pick up your prescription.

The Clear Lake Community School District will be implementing an emergency food program starting Tuesday, March 24, 2020. Meals will be available at the bus stops below. Meals will be delivered by bus drivers in a school vehicle (not a bus). Please pick up meals at the stop that is most convenient for you. There will be no pick up at Clear Creek. At this time, due to federal mandates, each child receiving a meal needs to be present for pick up. *4/1 - Child need not be present* Parents do not need to be present if students are able to pick up the food items themselves. One free breakfast and one lunch is being provided for all children ages 1 to 18 living in Clear Lake. Our plan is to provide this service Monday through Friday while school is not in session. We will continue to monitor and assess this need as we respond to the COVID-19 Pandemic.
