Request a prescription refill with

MyChart

MyChart's prescription refill request feature lets you send an electronic request to your health care team.

You will receive a message in MyChart when your refill request has been processed.

To request your prescription refill:

1. Sign into your **MyChart** account

2. Click **Medications** icon

3. Click green **Request Refills** button and select prescription(s) to refill click **Next**

4. Select **Delivery Method** and click **Next**

5. Click **Review** and **Submit**

Most prescription refill requests are processed within two (2) business days. If you do not hear from your care team within two business days, please call your provider's office.

Do not use this feature for urgent prescription refills.
If you have an urgent request, please call your provider's office.
