**How We Measure Quality of Care**  
 Disclaimer: The statements contained in this document are solely those of the authors and do not necessarily reflect the views or policies of CMS. The authors assume responsibility for the accuracy and completeness of the information contained in this document. The MercyOne SNF Partners Profile was created to help you select a local provider with a history of success serving patients with conditions similar to yours. This profile includes information about Skilled Nursing Facility Quality of Care Profile: Last Updated 4/29/2026 from [www.medicare.gov/care-compare/](http://www.medicare.gov/care-compare/)

the quality, value, and specialty programs delivered at each facility. We utilize Medicare Care Compare ([www.medicare.gov/care-compare/](http://www.medicare.gov/care-compare/)) and information reported by each partner to understand the capabilities and services.

### **Quality Information Highlighted**

Although this profile highlights your local options, understanding an agency's performance compared to national practices can be a helpful way of assessing quality.

### **Specialty Program**

The facility has an enhanced clinical program with physician oversight for these service areas indicating an increased focus and level of service for specific conditions

### **Questions?**

If you or your family members have questions regarding the selection of a facility, please speak to your Provider, Case Manager, Social Worker, Health Coach, or another member of your care team.
