MERCYONE

Our Quality of Care Profile highlights quality information about a group of local provider partners who have served patients with medical conditions similar to yours and are committed to providing the best care for patients leaving our hospital. It is our responsibility to assist you in choosing a quality provider for your next level of care. We respect your preferences and want you to know that an affiliate of a MercyOne Hospital may offer these services and would be honored to continue to provide your care. We have systems in place to ensure a smooth transition.

We are here to assist you, discuss your options, and provide the resources you need to make the choice that is right for you about your treatment options and level of care. You may choose to review more options in your geographic area by searching the list available via Medicare Care Compare at www.medicare.gov/care-compare/

How We Measure Quality-of-Care

The MercyOne SNF Partners Profile was created to help you select a local provider with a history of success serving patients with conditions similar to yours. This profile includes information about the quality, value, and specialty programs delivered at each facility. We utilized Medicare Care Compare (www.medicare.gov/care-compare/) and information reported by each partner to understand the capabilities and services.

Quality Information Highlighted

Although this profile highlights your local options, understanding an agency's performance compared to national practices can be a helpful way of assessing quality.

Specialty Program

The facility has an enhanced clinical program with physician oversight for these service areas indicating an increased focus and level of service for specific conditions

Questions?

If you or your family members have questions regarding the selection of a facility, please speak to your Provider, Case Manager, Social Worker, Health Coach, or another member of your care team.
