## On-Site Flu Vaccination Clinics

### What is influenza?

The flu is a contagious respiratory illness caused by influenza viruses. It can cause mild to severe illness and at times, can be fatal. The best way to prevent the flu is by getting a flu vaccination each year.

#### Employees who receive the flu shot have:

- Fewer upper respiratory infections
- Fewer visits to the doctor's office
- Fewer days of sick leave

#### Flu immunizations also help:

- Improve employee health and morale
- Decrease employee absenteeism
- Reduce health care costs
- Increase productivity

Reserve your company's flu vaccination clinic today by completing the **Reservation Form** below and email it to [sarah.dietrick@mercyhealth.com](mailto:sarah.dietrick@mercyhealth.com) or call her to schedule at 319-575-5621.

## \$30 per vaccine\*

\*While supplies last, minimum of 10 vaccines required and will be invoiced for On-Site Flu Vaccination Clinic.
